P. Lafourcade
L. Robert

Final Exam, 90 minutes

Date: 08.01.2021

TOTAL: 20 points

The objective of this exam is to design an exam subject and corresponding answers. You have access to all the resources you want. You have to design 4 different exercises that carry on the following 4 themes.

1. (4 points) Your presentation, clearly indicating its title.

2. (8 points) Two other presentations, indicating clearly their titles.

3. (4 points) 5 course questions.

4. (4 points) 1 reflection exercise on one of the parts of the course.

If your exercises contain source code, you must provide the source files.

It is of course forbidden to copy/paste an exercise made in courses/TP or find on Internet. In addition, any similarities in exercises between two copies will be considered plagiarism and will give a score of 0 to the various copies involved. So the goal is to be creative, original in the question statements. It is also important to pay attention to the quality of the writing of the solution and its details.

It is requested to send by email to the following address `pascal.lafourcade@uca` your copy only in the format `.txt` or `.pdf`, at the end of the exam by copying you for keep a proof. In case of problems, you can contact me to ask questions in private mode by email or by phone if you have network problems when sending your order (06.83.54.90.70).
